

Preliminary Programme in the Industry Pavilion

№		Company	Presentation topic
1	11.09 10.00-10.30	Katyusha Print Ltd. <i>Business profile: production of office equipment</i>	<p>Presentation topic: 'Building Russia's print ecosystem'</p> <p>Presentation topic: 'Domestic software for print management, protection, monitoring'</p> <p>Presentation topic: "Domestic software for management, protection, monitoring of printing"</p>
2	11.09 10.45-11.15	Joint Stock Company Industrial Enterprise of Material and Technical Supply 'PERMSNABSBYT' <i>Business profile: electrical equipment manufacturing</i>	<p>Presentation topic: 'Development of the charging infrastructure market in Russia. Challenges and opportunities'</p> <p>Launch of a charging station for electric vehicles model SZE-RA with MODE-4 charging mode with a capacity of 150 kW</p>
3	11.09 11.30-12.00	Kamila Robinson perfume <i>Business profile: Perfumery</i>	<p>Presentation topic: 'Import substitution in the perfume industry'</p> <p>Launch of perfume fragrances by Kamila Robinson perfume brand</p>
4	11.09 12.15-12.45	Geoscan Group of Companies <i>Business profile: unmanned aerial systems</i>	Presentation topic: 'New markets - new opportunities'
5	11.09 13.00-13.30	Salut-Orto Group of Companies <i>Business profile: prosthetics and orthotics</i>	<p>Presentation topic: 'Russian innovative technologies for prosthetic legs'</p> <p>Demonstration of lower limb prostheses and knee modules</p>
6	11.09 13.45-14.15	ASCON Company <i>Business profile: Russian engineering software for design, production and business</i>	Presentation topic: 'Russian PLM and BIM complexes for life cycle management of complex machine-building products and capital construction projects built on the domestic technology stack from geometric kernel to DBMS'
7	12.09 10.00-10.30	LLC Aeromax <i>Business profile: unmanned aerial systems</i>	Presentation topic: 'Developing the ABC Industry. Technologies and Applications'
8	12.09 12.00-12.45	Prof-IT Ltd. <i>Business profile:</i>	Presentation topic: 'Information-analytical system of video-acoustic monitoring of

		<i>robotics</i>	industrial infrastructure condition' Presentation topic: 'Russian engineering class: a tool for developing the country's human resources potential'
9	12.09 12.45-13.15	Cosmeticlub Ltd. <i>Business profile: cosmetics production</i>	Presentation topic: 'The market for sensory pleasures: how to unlock feelings and self-love with beauty products'
10	12.09 13.30-14.00	JSC Uralchem UCC <i>Business profile: agrobiotechnology</i>	Presentation topic: 'Future technologies in agribusiness: the role of biotechnology and the formation of new technological markets. Cases: microbial protein synthesis from methane, new microbial fertilisers and alternative sources of food protein'
11	12.09 14.15-14.45	Public Joint Stock Company 'Experimental Design Bureau MIKRON' <i>Business profile: realisation of complex mechanical engineering projects</i>	Presentation topic: 'TeRus Autonomous Wind Energy Complex'
12	13.09 10.00-10.30	LLC Energoinnovations <i>Business profile: electrical equipment manufacturing</i>	Presentation topic: 'From electric vehicles to electric buses - industrialised, in-demand charging solutions'
13	13.09 11.15-11.45	LLC Novator, JSC Novosibirsk Semiconductor Devices Plant Vostok <i>Business profile: microelectronics</i>	Presentation topic: 'About VOSTOK technological platform (programmable logic controllers and interface modules based on Russian ECBs) and new microelectronics products'
14	13.09 12.00-12.30	JSC Dayton Central Design Bureau <i>Business profile: radio electronics</i>	Presentation topic: 'Demonstration of the work of the robotised complex of visual quality assessment of electronic equipment products on real products and application at the enterprise of radio-electronic industry'
